EXPERIENCE

GOOD1 Studios | Lead Sound Designer / Composer (Full-time)

SEP 2021 - PRESENT

- Lead end-to-end audio for *Deadline Delivery* and *CODE RED* in a six-person remote studio, partnering with design and engineering from scope and planning through implementation, mix, QA, optimization, and delivery.
- Create original gameplay SFX, UI/UX audio, Foley, ambience, vehicles, and music through field recording, synthesis, editing, processing, layering, and asset preparation.
- Build, test, and troubleshoot Wwise and Unreal Engine 5 systems using Events, RTPCs, States, Switches, containers, and Blueprints; profile runtime behavior, resolve bugs, and verify implementation accuracy.
- Compose, edit, mix, and master adaptive scores and stems that reinforce product voice, pacing, feedback, and a consistent player experience.

What Is This Studio Ltd. | Sound Designer (Contract)

JUL 2024 - OCT 2024

- Established the end-to-end Unity (C#) and Wwise pipeline for *What Is This Sorcery*, including event mapping, bank architecture, Addressables, and implementation testing.
- Designed and implemented the game's original sound and music systems from the ground up; improved the C# workflow and reduced integration time by 30%.

Riot Games | Music Producer (Contract)

JUN 2023 - SEP 2023

- Produced, edited, tested, and delivered interactive music stems for *VALORANT* in-game environments, aligning transitions and final assets with creative and technical direction for a high-profile product.

Artlist | Music Producer (Contract)

APR 2022 - MAR 2023

- Created, edited, mixed, and mastered release-ready catalog music for a sync platform partnered with brands including Adidas, Nike, IKEA, Netflix, and Adobe.
- Collaborated with artist-management teams and delivered multiple tracks through the Artlist catalog.

PROFILE

Sound designer and technical audio specialist with **5+ years** creating end-to-end sonic experiences for games and interactive products. Experienced across original sound design, implementation, testing, mix, and delivery.

CORE SKILLS

IMMERSIVE + TECHNICAL

Unreal Engine 5, Unity, Wwise, FMOD, Blueprints, C#, spatial audio, Events, RTPCs, States, Switches, profiling and optimization

DESIGN + POST

Pro Tools, SFX, Foley, UI/UX audio, ambience, field recording, synthesis, editing, signal processing, mixing and mastering

PRODUCT WORKFLOW

Scope and planning, rapid prototyping, implementation testing, audio QA, bug troubleshooting, asset optimization, Git, Perforce, cross-functional collaboration

MUSIC

Composition, arrangement, adaptive music, interactive stems, music editing and final delivery

EDUCATION

National University

Bachelor of Arts in Digital Media Design

Expected March 2027
