EXPERIENCE

GOOD1 Studios | Lead Sound Designer / Composer (Full-time)

SEP 2021 - PRESENT

- Lead end-to-end audio for *Deadline Delivery* and *CODE RED* within a six-person remote studio, owning creative direction, sound design, implementation, music, mix, QA, and delivery.
- Designed, edited, processed, and implemented **1,000+ SFX** across vehicles, gameplay feedback, UI, Foley, ambience, and environments using original recordings, synthesis, layering, and asset optimization.
- Built and debugged responsive Wwise and Unreal Engine 5 behaviors using Events, RTPCs, States, Switches, containers, Blueprints, and MetaSounds; profiled runtime behavior and resolved implementation issues.
- Collaborate with design and engineering to connect sound behavior to gameplay logic and refine clarity, impact, pacing, and player feedback through in-context iteration.

What Is This Studio Ltd. | Sound Designer (Contract)

JUL 2024 - OCT 2024

- Established the end-to-end Unity (C#) and Wwise pipeline for *What Is This Sorcery*, including event mapping, bank architecture, Addressables, and implementation workflow.
- Designed and implemented the game's sound and music systems from the ground up; improved C# integration and **reduced implementation time by 30%**.

Riot Games | Music Producer (Contract)

JUN 2023 - SEP 2023

- Produced, edited, and delivered interactive music stems for *VALORANT* environments, aligning transitions, arrangement, and final assets with established creative and technical direction.

Artlist | Music Producer (Contract)

APR 2022 - MAR 2023

- Created release-ready catalog music through recording, synthesis, arrangement, editing, mixing, and mastering for a global sync-licensing platform.
- Collaborated with artist-management teams and released multiple tracks through the Artlist catalog.

CORE SKILLS

SOUND DESIGN

Gameplay SFX, UI audio, Foley, ambience, field recording, synthesis, layering, editing, processing, mixing, mastering

INTERACTIVE AUDIO

Wwise Events, RTPCs, States, Switches, containers, spatial audio, adaptive music, Blueprints, MetaSounds, profiling and optimization

TOOLS + WORKFLOW

Wwise, FMOD, Unreal Engine 5, Unity, C#, Pro Tools, Reaper, Ableton Live, Cubase, FL Studio, Git and Perforce

DEVELOPMENT

Player-focused iteration, audio QA, debugging, documentation, asset organization, independent ownership and cross-discipline collaboration

EDUCATION

National University

Bachelor of Arts in Digital Media Design

Expected March 2027
